- New yield champion
- Elite performance across the midwest & northern regions
- Excellent choice for fields with high fertility
- Can be pushed in high management programs
- Great head scab scores
- Manage rusts with fungicides

AM 545 is the new yield champion for wheat growers. This medium maturity product unlocks a new level of top end yield for high management programs. AM 545 is built for yield, yield and yield. This product has excellent standability and head scab scores to benefit growers. With a later jointing date, you can plant it earlier in the fall with confidence. AM 545 is a great fit for average to better soils where you're looking to push yields. As with most racehorse products, the use of fungicides is recommended to improve plant health and elevate yield.
