- Maximizes photosynthesis all season long with erect canopy growth

This is the new and improved AM 454... so upgrade your horsepower to AM 525! The biggest improvement is noticed in disease resistance. When comparing them, AM 525 has better BYDV, septoria leaf blotch, leaf rust, stripe rust and head scab resistance... the complete package. AM 525 packs a yield punch as well, winning state yield contests and welcoming growers into our 150 Bushel Club. AM 525 thrives in high management programs and fertile soils. We've seen this product handle wet field conditions as well.
