

Soft Red Winter • MEDIUM/MED. LATE

# AM 556

**NEW**

high performance wheat

<b>Maturity</b>	Medium/ML
<b>Head Type</b>	Bearded
<b>Height</b>	Medium Tall

- All about yield with large, uniform head size
- Good for early planting with late joint
- Best in well-drained, average and lighter soils
- Nutrient scavenger that's good for lower nitrogen rates
- Good head scab and stripe rust scores. **Manage leaf rust.**
- Palisade recommended for optimal results

AM 556 dominated research trials and 3<sup>rd</sup> party testing during advancement. This medium/medium late product will elevate yield potentials for average to lighter soils. AM 556 demonstrates good stress tolerance to handle heat and drought. This late jointing product will work well in early planted scenarios and also be a good fit behind corn. We recommend Palisade if trying to push fertility rates. Growers can see the yield before the combine with the large, uniform head sizes.

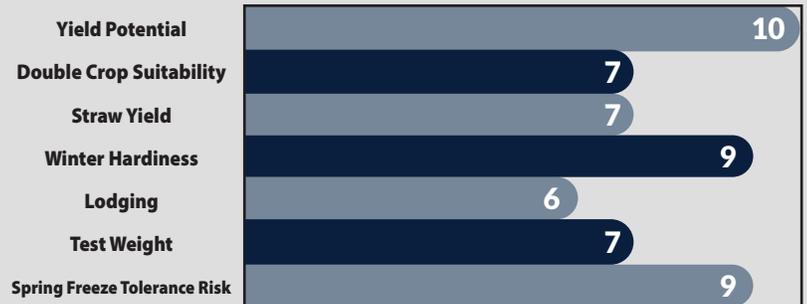

## SPECIAL RECOGNITIONS

Patent Pending: U.S. Patent Applied For.  
 PVP Issued: Unauthorized Propagation Prohibited.  
 U.S. Protected Variety
